## **DIRECTIONS FOR USE:**

- Add water up to FILL LINE of bag and stir until dissolved (about 1 pint).
   To clean brush, soak overnight. To restore a dried brush, soak for 24 to 48 hours or until paint has loosened from the brush.
- 3. Use an old metal fork or paint brush comb to remove paint from bristles, rinsing paint brush in the Paint Brush Rescue as needed.
- 4. After paint has been removed, rinse paint brush with warm water, shake out excess water and hang brush to dry
- **5.** If bristles feel stiff, flex the brush.
